

### Placement Outcomes

1. What percentage of students got placed vs. not placed?
2. What is the average salary of placed students?
3. What is the highest and lowest salary offered?

### Demographics & Academic Background

4. Does placement rate vary by **gender**?
5. How does **work experience (Yes/No)** impact placement chances and salary?
6. What is the placement distribution across different **specialisations (Mkt&HR vs Mkt&Fin)**?
7. Does the **HSC stream (Commerce, Science, Arts)** influence placement outcomes?

### Academic Performance & Tests

8. How do SSC%, HSC%, Degree%, and MBA% scores affect placement probability?
9. What is the correlation between **employability test score (etest\_p)** and placement?
10. Do higher academic scores lead to better salary packages?

### Salary Insights

11. What is the average salary by **degree type (Sci&Tech, Comm&Mgmt, Others)**?
12. Does work experience contribute to higher salary packages?
13. What is the salary distribution by **specialisation (Mkt&HR vs Mkt&Fin)**?

### Comparative Views

14. Which combination of factors (gender + workex + specialisation) yields the best placement outcomes?
15. Can we identify performance benchmarks (e.g., MBA % > 60 or Etest > 70) that improve placement chances?
